

PUBLIC NOTICE

INTENTION TO MODIFY THE  
PUERTO RICO AIR MONITORING NETWORK PLAN 2014

The Puerto Rico Environmental Quality Board (PREQB) in fulfillment with Code 40 of Federal Regulations Parts 53 and 58 presents the **Puerto Rico Air Monitoring Network Plan 2014**. This plan must be submitted to the Environmental Protection Agency for its approval by July 1<sup>st</sup>, 2014.

The State and Local Air Monitoring Network Plan provides information about ambient air quality monitoring sites in Puerto Rico. The network measures the ambient levels of criteria pollutants or those pollutants on which National Ambient Air Quality Standards (NAAQS) have been established. The plan proposes some changes to the actual network according with the new requirements.

The Puerto Rico Air Monitoring Network Plan 2014 will be available for public revision in the Environmental Quality Board web site, [www.jca.gobierno.pr](http://www.jca.gobierno.pr), and from Monday through Friday, from 8:00 a.m. until 12:00 and 1:00 p.m. until 4:00 p.m. during 30 days at the Environmental Quality Board Library, located at the 4<sup>th</sup> floor of the Environmental Building, Ponce de León Avenue, State Highway 8838 6.3 km, El Cinco in Río Piedras.

Comments should be received following the publication of this notice. The public is invited to submit comments or recommendations to the following e-mail address, [aire@jca.gobierno.pr](mailto:aire@jca.gobierno.pr), to the attention of Mrs. Lucía Fernández Fontán, Chief of Data Validation and Air Dispersion Models Division. The comments and recommendations will be considered in the final document that will be submitted to the Environmental Protection Agency.

In San Juan, Puerto Rico, May 13, 2014.
